Belgaum Br.

Tele. Add. "CONELECTRO"
Telephone No. 32889 (Two Lines.)

P. O. Box No. 879.
17b, Elphinstone Circle, Fort.

Ref. AMAL/BEL/HTS.

BOMBAY, 17th July, 1951.

The Deputy Secretary to Govt.
P.W.D.
BOMBAY:

Dear Sir,

Re. Extension of 3300-v lines at Belgaum.

Please find enclosed herewith 5 copies of the proposed extension of 3300-v lines from point marked A to point B near fort area at -- Belgaum, for your approval.

This extension will be mostly done by overhead aerial mains and only a short length of about 760 ft. is to be done in underground cable, which is shown in dotted lines. This portion is between the points C & D.

This extension is absolutely necessary as our L.T. feeders from the city sub-station and from power house are fully loaded and there is heavy voltage drop in fort area. Further, new agricultural pumping load is to be connected on Dharwar Road and on Poona Road, supply to the State Transport workshop is to be given. The S/S. at point B will also take over the load in fort area which will relieve our L.T. feeders from city S/S. and thus improve the voltage on Fort Road in fort area. As this job is of very urgent nature, we shall thank you to give your early approval so that the construction work may be started soon. We are shortly submitting the plans to the Electrical Engrs to Govt. for method of construction.

Yours truly,
The Amalgamated Electricity Co. (Belgaum) Ltd.,
For Consolidated Electric Agencies Ltd., Managing Agents,

Managing Director.
